

TWINS? WOW!

**Twins? Wow! Is what I've heard all my life
Are those twins? Is what my parents answer all the time
Oh double trouble! Is what we all hear
People just don't understand being twins is the best, it's clear!**

**WOW! Not everyone has a twin brother
Who spent lots of time with me inside my mother
WOW! I can feel my brother's happiness and pain
I know what he's thinking. Isn't that insane?**

**WOW! Twin power, is what we hear in baseball
Pitching, hitting and catching is what we do best
WOW! Those twins are fast, is what we hear in basketball
Shooting, dribbling and hustling makes us the best in the west**

**WOW! The twins scored the same on the big test
Proficient and advance the twins did their best
WOW! Your twins are great, my mom always hears
Knowing we are best friends my mom never fears**

**So, wouldn't you wish you could be a twin just like me?
To have someone in your life as special as can be
A person who thinks and feels like you, WOW!
Someone so special that makes people say... "Twins? WOW!"**
